

Sterling Rock Falls Men's Club Monthly Meeting Minutes 11/19/09

If you attended, you already know what is going on. If you were one of the few lazy, priority confused, sloth's that did not attend, please read on.

We broke in (we did NOT Break Into) our new facilities with a toast. For those that do not know where it is, you have not been reading your emails. If you want to place your tail between your legs and grovel, call Max and he may have mercy and fill you in on the secret. Or if you have internet access you may want to stop by our website once a month and check out what is going on.

We welcomed officially Les Bland into the club. He really had no choice, he won the 50/50 last meeting and we forced his hand. Forgive him Lord, for he knows not what he does.

We are still planning a FAMILY bowling night for late January or February (but not Super Bowl Sunday). Chad S. is taking the lead on this project because he looks like the bowling type. This is a FAMILY night so tell mistress and baby momma they need not attend.

We publicly thanked those that helped move from the old to the new place. The bright side is no more mold.

We also acknowledged thanks to those that helped out at Marylou Aiello house last weekend. We installed a drainage system in her yard to dry out her house, cleared brush and weeds, and cleaned up her roof. We even repaired her gas line which clearly was not buried deep enough. Special thanks to Jason Heal who did most of the organizing to get this done and put in \$40 of his own money. And thanks to the guy who knew the lady, requested the help, and put up \$150 for supplies and rental. If you don't know who that is, that is the idiot that opened his mouth and got to be the secretary interim because someone else had more important things to do.

Marylou's email.

I spent the day yesterday in Davenport at Saturn dealer. Brakes went. there went the money I was going to give to you. But the brakes work great now. I go around and just look at all the work and am still amazed at it all. I love it. Have not seen any water but it has not really rained too much here yet. I love it. I want to thank all of you for all of your hard work and monies to pull this off. I don't know what I would be doing if it had not been done. I want to thank each and everyone of you. I pray for all of you and say a big Thank You one and all.

Rock Falls hometown parade is Sat Nov 21 at 1pm – Elvi (so far) are Tom DeWalt, Les Bland, Steve Mortonson, Mark Humphreys (at least until he chickens out). Dan Winstead is driving and Steve Moore is shotgun. If anyone can please help out do so, but it is too late now since the parade has already started.

We are Bell Ringing Dec 1 – Meet at the Depot at 5:30pm and pick up your canister. Return at 8pm with the canister and then you can drink

Sterling Parade is Dec 4. This is your last chance to be Elvis. Jason wants a toilet on the deck with a peanut butter and cheese sandwich in one hand and a bottle of pills in the other – I bet the kids will just love that. Line up is 5pm so contact Max for more info.

We are tentatively having our Christmas Party at our next meeting which is Dec 10th. That means bring a white elephant gift with you. (if you don't know what a white elephant gift is wikipedia it). We would like to have it in conjunction with Bob Woesners Santa call, but we don't know when that is – that is a signal Bob to call Max.

Lowest temp Contest went to Chad – who actually came in second to DeWalt, but since he bothered not show he received nothing and Chad took away the grand prize.

I think the Widow hat drawing did not go to T, because he was not there. So the total grows for next meeting. I think it is up to like \$1200 right? I can't remember. Will let you know at the next meeting.

Luminary pick up was yesterday, so since I have a life and could not publish this the same night, you missed out if you were not at the meeting. I guess I still beat our current secretary by a week – so not bad.

The Web Page is up to Date. Calendar, newsletters, membership list, etc. If you want to use your set up email just let Steven Yde know. He is the Web Master – ok not as cool as Almighty or King Dog, but still sounds good.

If this newsletter was annoying, perhaps I will never be drafted to do it again. Happy Thanksgiving.
